ABOUT PINK ...

ART PARTY >

Prepare to experience powerful purpose-driven masterclasses. We invite you to come party with us at the next Pink Art Party women's wellness session. Sessions include the use of visual art as a creative means to build resilience for the day-to-day emotional, spiritual, and mental obstacles that women encounter. Certified Professional Life Coaches, Charmaine Jennings and LaKeesha Hines facilitate sip-and-share sessions that provide effective strategies to overcome challenges. Learn how to live, lead, and leave a legacy of love and light.

Pink Art Party was officially launched in Orlando, Florida at The Family Café conference, presented by the Florida Governor in 2016.
